Term 3 Week 2 29 July 2022

Mabo Day 2022

GIHS attended a ceremony at the Cooramah Culture Centre on Friday 3rd June to Commemorate Mabo Day .

Students and teachers witnessed a 'Smoking Ceremony' and a 'Flag Raising' and enjoyed a yummy morning tea. It was a great learning experience.

Principal Report

Welcome back to Term 3. We hope everyone had an enjoyable, restful break. It has been great to see everyone back into learning. We have many new students already this term. I hope they enjoy the GIHS experience. We have a busy term ahead, Education week with SRC induction, sporting pursuits, Year 12 final term and of course Valedictory.

Parent Teacher Interviews

On Wednesday 27 July, we held our Semester 1 Parent Teacher night. It was great to see so many parents/carers turning up and taking an interest in their students' education. We understand that the booking schedule booked up fast and we are looking into better ways to improve our process. We appreciate any constructive feedback you may have. Thank you to our teachers who made themselves available. If you were unable to attend and wish to talk to your child's teacher please contact the school office.

P&C Meeting

Next week, Tuesday 2 September, will be holding our monthly P&C meeting. We encourage all families to attend: 6pm in the Staff Common Room. Entry is through the Front Office. It is a great opportunity to find out what's happening in the school.

Education Week

Next week is Education week (1 August - 5 August). Education Week is an annual celebration of NSW public education and the achievements of our schools, students and education system. This year, Education Week will be held from 1 to 5 August 2022 celebrating the theme:

Creating futures – education changes lives.

We will be involved in a community education assembly to be held at the Town Hall at 11.00 am on Thursday 4/8/22.

Year 11 Subject Selection Information Night

On Thursday 4 August, we will be holding our Year 11 2023 Subject Selection evening. It is for all current Year 10 students and their families to gain information about senior subjects. Representatives from School Based Apprenticeships and Training (SBAT) and TAFE NSW will also be in attendance.

Glen Innes High School Dance Team

Members of our school's dance spent week 10 of last term in Tamworth representing the school at the Regional Dance Ensemble. The students' attended the dance workshops at Oxley High School and danced from 9am to 3pm everyday. They worked hard and learnt a number of choreographed dance routines. On the Friday, students performed the what they learned to parents and carers. These performances will also be performed at this year's Dance Festival in Week 4 this term.

Adam Forrester—Principal

NIGHT LIBRARY

Night Library is starting back up again.
Available for all students in
Years 10, 11 and 12

Thursday 4pm to 6pm
each week

Athletics Carnival

On Tuesday 14 June, we held our annual Athletics Carnival. Due to the poor state of our local fields due to all the rain, we decided to hold the carnival at school. A massive thank you to Mr Taylor and his PE staff for all the work they did getting the field ready for the day. It was a massive undertaking. Thank you to Ms Rossington for all your work organising the day.

PBL Awards

Congratulations to the following students

Bronze Level

Dakota Hayden

Seth MacDonald

Jayden McIntyre

Ilyssa Newberry

Maddison Tarrant

Thomas Walmsley

Silver Level

Charlie Hume

Harmony Day

HARMONY DAY

The theme for the 2022 competition is 'Celebrating Harmony'.

Harmony Day is about inclusiveness, respect and belonging for all Australians, regardless of cultural or linguistic background, united by a set of core Australian values. Held every year on the 21st March, the day coincides with the United Nations International Day for the Elimination of Racial Discrimination.

The ongoing theme of Harmony Day is 'everyone belongs'. Harmony Day is a day of cultural respect for all.

It is day to celebrate Australian multiculturalism, based on the successful integration of migrants into our community. It is an opportunity for all Australians to embrace cultural diversity and to share what we have in common.

ANZAC Commemorations

National Sorry Day—25 May

Every year on 26 May, National Sorry Day remembers and acknowledges the mistreatment of Aboriginal and Torres Strait Islander people who were forcibly removed from their families and communities, which we now know as 'The Stolen Generations'.

National Sorry Day is a day to acknowledge the strength of Stolen Generations survivors and reflect on how we can all play a part in the healing process for our people and nation. While this date carries great significance for the Stolen Generations and other Aboriginal and Torres Strait Islander peoples, it is also commemorated by Australians right around the country.

Mathematics News

Study Tips

Study and Revision

1. Create the right environment for study

- * quiet area
- * sufficient space and light
- * switch off mobile phone
- * use headphones if necessary to block out distractions
- * organise your materials

2. Create a study schedule, including:

- * regular breaks
- * commitments - sport, work
- * times for friends and relaxation

3. Reference sheet

- * have your reference sheet out every class or study period and refer to it regularly!
- * annotate the reference sheet you use to study - not all concepts or formulae are on the sheet
- * know how to use every formula for your level of Mathematics - Extension students should know how to derive the formula

4. Calculator

- * incorrect calculator use is the cause of many wrong answers in exams
- * practise using all of the necessary functions of your calculator
- * know when to use brackets and other features

5. Learning Material:

- * don't just read through the textbook or your notes!
- * the only way to learn Maths is to do Maths
- * don't just practise the questions you can do
- * identify your weaknesses and work through these with help from your teacher or anyone else who has a competent mastery of the material
- * your aim isn't to master a text book, your aim is to master the syllabus
- * you don't need to obsess about doing every question
- * do some easy questions to help you learn the rudiments of a concept, then a few harder ones and finally a few challenging ones
